July 5, 2019

Dear parents;

As you know, in SD23, each student is asked to pay a school fee in September. The fee has been increased this year to \$45.00. \$10 goes towards cultural performances, while the other \$35 covers school supplies.

Parents may choose to opt out of the \$35 for school supplies and provide their own school supplies for their child. We are not requesting or encouraging parents to do so, as there are advantages for parents, students and teachers when the school purchases the supplies (for example, parents do not have to shop around for the items on the list, certain subjects can be color coded by the teacher, every student in the class will have the same kind of binder or notebook, etc.).

This being said, some parents will choose to do their own purchasing. If this is the case, we ask that you notify the office in September and that you work with your child's teacher to be able to purchase the desired supplies. You will not be able to contact the teacher for the specific list of supplies until September and we understand some parents wish to benefit from the back to school promotions that happen in August. In order to help, we have included two basic lists that you may use to get started. The classroom teacher will likely require more supplies than what is listed here, but we didn't want to send you shopping for things that may not be necessary. Therefore, our list only includes basic items that would be required by most, if not all teachers at that level.

Have a great summer!
